

FDA

Nelson Hardiman advises healthcare providers regulated by the Food and Drug Administration (FDA) including pharmaceuticals, medical devices, nutritional supplements, health treatments and cures. As the go-to law firm for healthcare law, we deliver the ideal combination of regulatory experience and forward-thinking to advise clients on compliance with FDA issues specific to healthcare providers.

Our knowledge and experience with FDA regulations and compliance protects providers wading into this vast and highly-regulated space. We counsel on every aspect of FDA regulations, concerning the safety of drugs, medical devices, food, cosmetics and other health-related products. Our singular focus and industry experience in healthcare and life sciences laws and regulations protects our clients from the threat of [FDA investigations](#), and puts them ahead of the competition.
