

The Business Side of Behavioral Healthcare

During this growing time of behavioral healthcare, the [State of](#)

[Recovery Conference](#) hosted by Medivance Billing Service will bring together treatment providers from the substance abuse, mental health and eating disorder community nationwide and provide a focus on the business side of behavioral healthcare including treatment center startup, revenue growth and total treatment program efficiency. The secondary focus of the conference will be the organizations and initiatives that support the community of behavioral health. The State of Recovery Conference promises to be the premier event for treatment providers who want to grow and transform their businesses along with learning more about behavioral healthcare community affairs.
