# The state of Healthcare in Southern California

Co-founder and managing partner Harry Nelson will be moderating a panel at the 2017 Healthcare Leadership Forum & Awards. This newly expanded format will bring together LA's most elite industry officials for a panel discussion about the state of healthcare, delivery of care, and the impacts to businesses in Southern California. We will also highlight the accomplishments of individuals and organizations that have made great strides in providing better-quality healthcare and setting the industry standards. Don't miss this opportunity to be involved in the conversation, to get informed, and honor our Leaders of Healthcare.
