Fundamentals of Hospital Licensing and Certification (Contributing Author)

The California Hospital Association released the ninth edition of the *Hospital Compliance Manual*, written specifically to help California's hospital compliance officers, chief financial officers, legal counsel and risk managers stay abreast of pertinent state and federal laws. The manual focuses on high-risk compliance issues and addresses the key components of an effective compliance plan.

Stacie Neroni and Hope Levy-Biehl were both contributing authors.

Stacie has contributed to the California Hospital Compliance Manual published by the California Hospital Association from 2010 through 2017.
