

Anti-Kickback Laws in Addiction Treatment Marketing

Topic: The new anti-kickback laws applicable to the addiction treatment industry and best practices for establishing an effective marketing program that complies with those laws.

"What are ethical compensation practices in healthcare marketing and why are they so important?"

The presenters will explore legal and ethical best practices related to contracts and client rights, compensation of marketers, and call centers and lead generation. Attendees will learn how to avoid common compensation pitfalls, such as fraud and abuse, exploitation, inducements, brokering and kickbacks.
