

Obamacare Repeal Ignores Real Problems with U.S. Health Care

An article in the *San Francisco Chronicle* discussed the recent

push to repeal Obamacare under the new Trump Administration titled [“Obamacare repeal ignores real problems with U.S. health care”](#).

Congress has only recently begun to debate repealing and replacing the law, so anything can still happen. But both House Speaker Paul Ryan and Health and Human Services Secretary Tom Price have expressed opposition to the feds getting involved with the research.

Repealing the law “will be a setback,” said [Harry Nelson](#), a health care consultant and managing partner of Los Angeles law firm Nelson Hardiman. He is also the author of “From Obamacare to TrumpCare: Why You Should Care.” “Until now, the government has been leading the way.”...
