Don’t miss a great evening of discussion and pitches from the world of Cannabis. The impact of the cannabis industry could be as much as **$77 BILLION** by the end of 2022. Our panels of mentors, investors will discuss what they’re doing in the market and then hear from a cross-section of vetted companies who will pitch to our audience in a “quick pitch” format. It will be a great evening of content and networking. We look forward to seeing you there.

If you’re interested in having your company considered for the pitch portion of the evening please send your deck to gplatt@gothammediastrategies.com. You’ll also qualify for an event discount if you submit a deck, even if you’re not selected to present.
