

Addiction Treatment in Times of Trouble

Addiction Treatment in Times of Trouble

Speaker: [Harry Nelson, Founding Partner](#)

Time: May 4th, 2020 9:15 AM – 10:45 AM Pacific Time (US and Canada)

The COVID-19 pandemic has created a series of new challenges for addiction treatment programs, including managing staffing, intake, ensuring staff and resident health to avoid contagion, dealing with contagion, increasing use of telehealth, and concomitant payor denials. This presentation will focus on lessons learned to date in managing these issues, best practices, and practical guidance for addressing the changing operational environment during the pandemic.
